

Dear Mrs. Cohen,

On Thursday, during the first week of school, my sons' teacher wanted to talk to me. While waiting I looked at my child and wondered what could he had done for her to call me in. WELL, she thanked me for how wonderful he was! School work-great, patience-awesome, attitude-top notch. He was not the helper for the day he IS the helper for the week! In everything he does he is above the class and for me to hear that I was shocked. You and your staff for two years worked and worked on making sure when he left the nest he was ready to fly WELL he is flying higher then ANYONE could have ever imagined. Thank you from the bottom of my heart for running a great school and preparing him so well.

God bless you,

Jessica Brown

p.s.

- No more emotional breakdowns at school or home
- Happy spirit
- Positive towards every new experience

Thank you!
