

Dear Mrs. Cohen,

It is with sincere gratitude that I write you this note for all that you have done for the children of Concordia. You have directed a very special school year and my family thanks you. You and your lovely staff have provided my children with a safe and nurturing learning environment. You have provided me with the peace of mind every mother needs as she drives off to work each day leaving her precious treasures in the hands of others.

There are not enough words to thank you for your dedication and continuous care.

May God Bless You Always

With Love From

Annie

"Kikki n Justin's Mommy"
