Dear Ms. Cohen,

It is with great regret I write this letter to withdraw Claiten from the preschool program at Concordia Lutheran School. During such difficult economic times, as a family, we have had to readjust our current financial budget.

Throughout the past five years, all four of our children have been students at Concordia Lutheran School. Not only has the school grown and progressed to provide a super educational setting for our children, but the operations of the school have been improved tremendously. One such example that is truly appreciated and was instituted with your insight is the drop off lane. Additionally, the implementation of the well-balanced lunch program was an important piece to the school improvement, and is also appreciated.

As parents, we cannot be more appreciative of the care and love you have personally shown to Austen, Brenden, Madisen and Claiten. In addition, your teachers, specifically Ms. Flowers and Ms. Ivy took care of the children like their own. Although we will not be attending the school for the next three months, we will always be a part of the progress that has been made at Concordia Lutheran School. We appreciate YOU for the dedication you have shown to ensure our precious children have always been taken care of. We do love what you have done for our family.

Thank you from the bottom of our hearts,

  
Kerri and George Maysonet
