WELCOME

Dear Parents:

We at Concordia warmly welcome you and your child/children to an exciting school year. At Concordia we strive to provide your child/children with a loving, safe environment for learning as we nurture the development of the whole child. Our goal is not only to help your child gain readiness skills for reading, math, science, but also to help your child grow emotionally, socially, and spiritually.

We encourage nurturing your child's spiritual development by reading Bible stories, praying, and talking to one another about God and what He has done for us. Through the message of God's word, you can comfort, assure, and affirm your child during times of emotional stress. The knowledge of God's unconditional love is the best assurance for good emotional health.

Please take the time to read this handbook. The information it provides will be helpful. Feel free to call 305-235-0160 or stop by the office at any time.

Concordia Lutheran School
Board of Education
Concordia Lutheran School Philosophy

The Concordia Lutheran School bases its program on a theory of raising children and encompasses an entire philosophy of life.

The Concordia Lutheran School views itself as a support system for the child and his/her family. To this end, the staff is carefully selected, and the programs are individually planned to meet the unique needs of each child. The program provides a multitude of play opportunities through which each child is guided toward his/her optimal developmental level. We believe strongly that the child under six learns best through direct experiences with his/her world and through interaction with other children and adults. Our program is team taught and multi-age grouped to allow each child to experience love and caring from a group of adults in a family atmosphere with both older and younger children. Younger children give older children the opportunities to learn nurturing skills.

All play is planned to help the child develop his/her own view of the world. Opportunities to interact with people regardless of ability, age, race, religion, and sexual orientation are provided. We value all life and protect the rights of all people to maintain their own belief system.

The Concordia Lutheran School is neither permissive nor behaviorally structured. We encourage children to control their world through language and the opportunity to make choices. The program provides a panorama of experiences from which the child can choose to give him/her a sense of control. These protected experiences, which allow the child to choose and have control, eliminate most behavioral problems. Verbal and physical aggression is always discouraged and never modeled by the staff. Our goal is to help the child solve problems through language and cooperation with others.

Only the highest quality teachers are hired at Concordia Lutheran School. Team teaching is done so that the same curriculum occurs within each age group. Please note that sometimes it is necessary to adjust the number of children in a classroom and we may not be able to fulfill teacher requests.

CURRICULUM

Scholastic Big Day for Pre K

Scholastic Big Day for Pre K is used in our classes. In *Big Day for PreK*, each day is organized around three Big Experiences—Whole-Group, Circle Time, and Story Time lessons—that provide an anchor for conversation, play, and learning. Carefully selected activities ground the entire class in a common Big Experience. Big Experiences provide integrated learning opportunities and introduce children to new vocabulary, concepts, and skills. *Big Day for PreK* provides intentional instruction in all learning domains: Social-Emotional Development Oral Language and Vocabulary Emergent Reading Emergent Writing Mathematics Science Social Studies Fine Arts Physical Development Technology

Daily small-group instruction provides multiple opportunities for children to be actively involved in learning, developing skills with teacher modeling, guidance, immediate feedback, and support. Small Group lessons focus on the most predictive skills: phonological awareness, alphabet recognition, and mathematics.

PARENT INVOLVEMENT

Concordia Lutheran School encourages parents to keep an open dialogue regarding any questions or concerns regarding your child's progress. We nurture an environment that promotes children's cognitive, social, emotional, physical, and spiritual development.

Parents and designated family members are welcome on campus and can meet teachers and/or administrators with a prior appointment. We look forward to this school year and ask you to be involved with us in your child/children's schooling in the following manner:

We hope that all our parents will try to be involved with our PTA program.

Please stay involved in your child/children's school life. We also want to encourage parents to be regular in your church attendance. It is important for your children to see their parents setting an example in all areas of life. If you do not have a church home, we encourage you to begin visiting Concordia Lutheran Church or any other local church and become an active member.

Parents who are enrolling their child/children at Concordia Lutheran School are making a commitment with the school to work in cooperation with the administration and the faculty.

BIRTHDAYS

Birthdays are an exciting and important time for children. We enjoy celebrating this event with your child/children. However due to the large increase of children with food allergies, we only allow vanilla ice cream cups and fresh fruit. Please do not bring any balloons or goody bags. Please coordinate the celebration time with your child's teacher at least one day before the birthday. Birthdays are student only events.

BITING POLICY

Concordia Lutheran School strives to provide a safe and loving environment for all our children. Biting is not an uncommon behavior among children birth to three years of age. Unfortunately, sometimes biting occurs, nevertheless, some children communicate through this behavior. For many toddlers, the biting stage is just a passing problem. However, biting can be harmful to other children. Our goal is to help identify what is causing the biting and resolve these issues. If a biting incident occurs, both the parents of the child bitten, and the child biting will be informed.

Why do children bite:

- Experimental biting
- Teething discomfort
- Becoming independent
- Using muscles in new ways
- Is learning to play with other children
- Is frustrated in expressing his/her needs or wants, such as mother returning to work, a new baby, or parent's separating.

When biting occurs, the staff's job is to provide first aid to the child bitten, as well as the child biting.

For child bitten:

- Staff will separate the child that was bitten from the biter and comfort him/her
- Intervene immediately
- The area is cleaned with soap and water and if skin is broken it will be covered with a bandage.
- Parents are notified and an accident report is written

For child biting:

- The child is told not to bite. Explain that biting hurts. Tell the child "No biting, biting hurts, or I don't like it"
- The child is placed in "Thinking Space" for no longer than the child's age. (one year, one minute)
- Parents are notified and an incident report is written.
- Reinforce positive behaviors

If biting continues, we will:

- Meet with the parents of the child who is biting and discuss how the behavior may be modified
- Have the child shadowed to monitor behavior
- If a child bites numerous times, a conference will be held to discuss the next steps.
- However, should this continue without improvement, we must take further steps to ensure the safety of the children in our care.

We are here to work as a team with you, feel free to speak to us regarding questions or concerns.

DISCIPLINE POLICY

The goal of good discipline is to help children build their own self-control. Our staff will guide and reinforce good behavior and use intervention assistance and redirection to help children achieve self-control and self-direction.

- Teachers/staff will observe them doing well and praise them, accordingly.
- Set children up to succeed.
- Encourage children's active involvement.
- Speak to children using positive words.
- Listen with interest and respect.
- Be fair.

Should positive redirection fail to change behavior, time-out will be given in one minute increments for each year of the child's age. Time-outs will not exceed four minutes.

At no time will corporal punishment be used, nor will any guidance be tied to withholding of food or toileting.

Parents will be made aware of persistent inappropriate behavior. Persistent inappropriate behavior is any behavior which continues after the progressive guidance steps have been used, any behavior that threatens the health or safety of other children or staff, or a continuous inability to conform to the rules and guidance of our program.

Steps of progressive procedures:

1. We will document and record the child's inappropriate behavior.
2. We will document what we have done to try to change the behavior.
3. If inappropriate behavior continues, parents will be asked to participate in a **conference** with the Director. An **action plan** will be developed. The action plan will outline all steps staff and parents will take to try to change the behavior. Parent will be advised that disenrollment may be requested if the action plan is not successful in diminishing the inappropriate behavior.
4. The Director may **suggest** outside resources to parents, and we will work with any outside resource for further guidance.
5. If the inappropriate behavior persists after the above steps have been completed, the child may be disenrolled.

Students demonstrating physically aggressive behavior toward other students and/or staff may be disenrolled without following the above procedures if the child causes bodily harm to another student and/or staff member.

BATHROOM POLICY

Children may use the bathroom any time during the school day. Children will always be accompanied to the bathroom by a staff person. We encourage children to be self-sufficient in all aspects of toileting and ask that you reinforce your child's abilities in undressing, wiping, flushing, and redressing, as well as washing hands. Staff may assist children with clothing fasteners if needed but are unable to assist with wiping in VPK.

All children entering VPK must be fully toilet trained. We do understand that young children may have toilet accidents from time to time. When clothing needs to be changed due to a toilet accident, two staff members must always be present. At no time will a child be reprimanded or embarrassed by staff for having an accident. Accidents often happen at the beginning of the school year. Your reaction to accidents as unfortunate, but not bad, will be an important support to your child's growing self-confidence and independence.

If a child has repeated accidents over a period, we will review the child's readiness for school and determine if the child may continue in attendance at this time.

Movie and Television Policy

Educational and child entertainment films are viewed on an occasional basis to coincide with a learning theme or as a classroom reward. Movie and television watching is not a regular occurrence, and occurs no more than once a week, usually on a Friday afternoon.

Sign-in/ Sign-out Policy

Students must be signed in and out daily through the ProCare App. Students will only be released to authorized persons over the age of 18. If someone other than those authorized to pick up is needed, written permission from the parent must be given. Photo identification is required; and they must be 18 years or older.

Students will not be released to anyone who appears intoxicated or under the influence of a controlled substance.

Abuse and Neglect Reporting

In the state of Florida, childcare workers are considered mandatory reporters of child abuse and neglect. If a staff member suspects that a student is the victim of child abuse and/ or child neglect, he or she must report the situation immediately. The Staff member will inform the director of the details of the situation and either the staff member or center director will call the Florida Abuse Hotline at 1-800-96-ABUSE.

ADA and Inclusion Policy

Concordia Lutheran School is committed to complying fully with the Americans with Disabilities Act (ADA) and with state and local laws regarding disabilities and ensuring equal opportunities for students, their families, and employees. Children and employees with disabilities are provided accommodations under ADA.

Non-Discrimination Policy

The non-discrimination policy applies equally to its educational policies, scholarships, and other school or childcare administered programs.
